## Newlyweds host baby shower

**Peggy McGee**

Gary Frame and Mary O'Neill were both widowed when they wed in November 2013. Circumstances prevented them from having a reception shortly after their wedding so they decided to celebrate with their neighbors on April 1. Though they are both way past child bearing age, they are young at heart so chose to celebrate their marriage with a baby shower.

When their guests received their invitations they thought it was a novel and fun idea. It was a great party and all

enjoyed the having a baby overtones.

About 40 guests brought diapers, wipes, baby clothing, toys, everything that a newborn needs to get started in life. Having read about the baby shower that The Women of Quail Creek will be hosting in August, Gary and Mary donated all the presents for this project. The gifts completely filled the trunk of their car.

TWOQC and the National Guard soldiers and moms who will receive their gifts thank Gary and Mary for their creative and fun-filled way to help a worthy cause.
