

# SAHUARITA UNIFIED SCHOOLS

Wednesday, November 19, 2014

Dear Ladies of Quail Creek,

On behalf of the Sahuarita Educational Enrichment Foundation (SEEF), thank you for your support of our first ever October 18<sup>th</sup> "Jamming in the Park" event at Anamax Park. The event was designed to raise awareness of SEEF and over 20 student organizations in the Sahuarita Unified School District, as well as to raise funds toward a challenge grant to start a SEEF endowment.

Thanks to supporters like you, SEEF accomplished all of those objectives with many attendees and exposure, not only for SEEF, but for the students, their organizations and the school district. Because of you, SEEF will now be able to start an endowment that we intend to grow and cultivate so that in several years the organization will be able to self-fund teacher grants, student scholarships and many other enriching activities for the benefit of our district's teachers and students.

In the future, we look forward to continuing to provide similar events and experiences that showcase and support our local school district teachers and students. We hope we can count on your support for those activities in the future.

Thank you,  
Mary A. Chernoski (Mac) President  
Tim Campbell, Vice-President  
Debbie Kutina, Secretary  
Fran Jaeger, Treasurer  
Sahuarita Educational Enhancement Foundation, SEEF
